POINT  
COLLECTIVE

***ASEC is a Berlin-based artist and label project that centers around raw, yet hypnotic movement-oriented electronic music. His sonic roots come from Manchester's underground scene but have fiercely readapted the concept of building up tension and atmospheric releases with high-intensity tracks create momentum on the dancefloor.***

***At the heart of the ASEC's unique offering is his modular live set that narrates an unimaginative story, the product of his expansive musical vision.***

***From dark textures and idiosyncratic melodies, ASEC is one of the few acts that genuinely delivers on the promise of a one-of-a-kind live set, which was shown in his last year's Boiler room debut.***

***ASEC recent releases include a full length EP on Counterchange Recordings names 'Trauma Bond'. A full-length works exclusively on his label, with the last release featuring remixes from Kwartz (Pole group) and Temudo (Klockworks). In addition, ASEC has also seen tracks released on household labels Planet X and MORD.***
